

Experience (local) culture in collaboration with STUVO!

Because STUVO strongly believes in the importance of culture, we want to encourage the students of our campus to make a cultural trip. We notice that cultural preferences are very individual and it is therefore more difficult to provide a group offer for our students.

During your studies at our campus in Sint-Niklaas, we therefore offer you a number of discounts:

- 1x free visit to the MAP museum in Sint-Niklaas
<https://mapsint-niklaas.be/>
- 1x 50% discount on a visit to the municipal theatre of Sint-Niklaas – with a maximum of €10 discount

- 1x 50% discount for a concert in concert hall De Casino – with a maximum of €10 discount
<https://decasino.be/>
- 1x 50% discount on a museum visit within Belgium – with a maximum of €10 discount

In this way, as a student, you can soak up a solid portion of culture with a boost from STUVO!

Conditions

In this way, STUVO stimulates personal cultural experience. We cannot provide discounts for excursions in the context of your studies.

For each of the above categories, you are entitled to 1x discount during your studies at our campus, so not per academic year.
